Modern Day Ballroom Transformed By ME Productions

HOLLYWOOD, FL--Over 200 guests were treated to an evening of royal grandeur on Friday, December 1st, at the Seminole Hard Rock Casino in Hollywood, Florida, when event planners from ME Productions transformed a modern day ballroom into a showplace of medieval elegance and luxuriant charm for the VIP guests.

The recipe for transformation included over 150-feet of pipe and drape of green crinkle galaxy drape and swag of the entire perimeter topped with swags of antique gold organza accented with gold cording and tassels. Every 3rd or 4th swag then featured a floor drop of fabric adorned with tassels and cording and bow treatment. At the entryway, guests enjoyed rich décor that included a 24-foot long arbor dressed with grape vines, foliage and bougainvillea vines. Tall columns with crystal sconces were positioned along the perimeter. Overhead, six chandeliers were suspended in a rectangular fashion. The visual ceiling height was actually dropped by 16-feet. Gold organza swags emanated from the central chandeliers with twinkle lights flowing outward to the smaller chandeliers and gracefully to the pipe and drape line.
